RESULTS/REMARKS INCLUDING ACHIEVEMENTS:

3. **Sidharth** has show exceptional commitment to NDWH support project. Sidharth has been instrumental in testing complex production incidents and continues to excel in all the tasks assigned to him
4. **Naresh** : Over the last 10 months working with BMC, Naresh has done excellent work. He single-handedly completed more than 100 UFT to TAS conversions, contributed to the development of EDI 834 file mockup tools, and helped teammates resolve technical issues. Well done, Naresh! Keep it up.
5. **Vasiha** : Vasiha joined BMC as a junior developer. In just 4 months, she demonstrated her skills as a full-stack Java developer. We appreciate her contributions to tools and utility development, particularly the EDI 834 file mockup and batch job execution. She also assisted her teammates in writing reusable utility methods. Great job, Vasiha! Keep up the excellent work
